1K Acrylic WB Top Coat for Exterior - White

SKU: EX690/WHxx | **Categories:** Doors, Exterior Doors & Shutters, Water-based Coatings for Exterior Use | **Tags:** Dipping Application, Hiding power, Weather resistance

PRODUCT DESCRIPTION

1K Acrylic WB Top Coat for Exterior - White

Sylaqua EX Lacquer is a one component acrylic water borne white top coat for exterior wooden surfaces.

The coating offers superior resistance to weathering due to its unique composition & UV filters, offering increased protection to the wooden surface.

High block resistance enabling quick stacking, high hiding power, suitable for dipping applications.

Available in 30 and 50 Gloss.

ADDITIONAL INFORMATION
